

REFERENCE LIST CEMENT

Höganäs Borgestad refractory designs and products improve profitability for cement manufacturers in more than 70 countries, on all continents. We deliver turnkey refractory solutions that perform better, last longer and give lower refractory cost per ton of clinker produced. Our services range from design, engineering, application-driven R&D, production, distribution and to after sales support including complete refractory management with wrecking and installation as well.

Our focus: On time, On budget, On scope
